

PLAY IS THE WORK OF CHILDHOOD

Play is the biological reset our kids need to focus,
the social lab where they learn to lead,
& the "Save Button" for every lesson in the classroom.

THE LAUSD REALITY

THE ATTENDANCE CRISIS:

1 in 3 LAUSD students are chronically absent
Kids are burnt out and disengaged

THE ANXIETY SURGE:

A 25% spike in mental health needs is a red alert.
Movement is one of the most effective ways to support a stressed nervous system

THE ANALOG RESET:

With the 2026-2027 screen time cuts coming,
Our kids need a high-impact plan to replace digital noise with human connection

BUILDING BACK PLAYTIME

There's a better way to structure the day

California guarantees 30 minutes of recess

That's a start, not a solution

We need to expand & protect playtime across the school day

Because play is learning
